2. PDF eXpress Online File Conversion/PDF Validation Tool

All papers submitted for publication must meet the IEEE standards. Access to PDF eXpress site, the IEEE's online file conversion/PDF validation tool, will assist authors in preparing suitable electronic files of their final papers. PDF eXpress helps authors convert their papers into IEEE Xplore-compatible PDF files (conversion function) or to check their own PDF files for IEEE Xplore compatibility (PDF validation function). Proofread your source document thoroughly and ensure that the copyright notice is added to the bottom of the first page of your source document. Confirm that it will require no revision, before using PDF eXpress.

All final manuscripts must be generated using the PDF Xpress tool. Submit your final, ready-for-publication paper at https://ieee-pdf-express.org/. If you are a new user to IEEE PDF eXpress, you must set up an account before uploading your paper.

To generate the IEEE Xplore compatible PDF file of your paper, follow these steps:

i. Create your IEEE PDF eXpress account: https://ieee-pdf-express.org/
ii. Conference ID: **57959X**
iii. The first time you access the system, please follow the link to new user. Please note that in order to access the service, you need to allow the use of cookies from the PDF eXpress web site. Once you have registered as a new user:
  a. Upload the source file (containing your paper) for conversion.

b. Receive by e-mail the IEEE Xplore-compatible PDF of your paper.

iv. Previous users of PDF eXpress need to follow the above steps, but should enter the same password that was used for previous conferences. Verify that your contact information is valid

Renaming your PDF File for Submission

The certified acceptable file that you receive from PDF eXpress will be given a filename in the form PID123.pdf. You should rename this exact file to conform to the following naming convention: CONECCT2023paperID.pdf, where the paperID is the CONECCT-2023 paper ID (obtained from https://cmt3.research.microsoft.com/CONNECT2023/) assigned to the submission. Please also name your approval email from PDF eXpress using the convention CONECCT2023paperID.pdf.

3. Complete and submit one IEEE copyright form per paper

IEEE policy requires that every submitted paper must be accompanied by a signed IEEE Copyright Form before publication can occur. The **electronic copyright submission form** will walk you through the steps to complete and submit the IEEE copyright form for your paper. This from is specific to the paper, i.e., each paper requires its own form. You will find the link to the e-COPYRIGHT FORM once you log in to the conference paper submission site, https://cmt3.research.microsoft.com/CONNECT2023/
Papers with more than one identified Corresponding Author will receive only one email regarding e-Copyright Form submission.
For more information on the electronic copyright process, please check
https://www.ieee.org/content/dam/ieee-org/ieee/web/org/pubs/ecf_faq.pdf
